BOARD OF TRADE AND CITIZENS UNITE IN SHOWING THEY APPRECIATE THE VALUE OF CLOSE AFFILIATION WITH THE CITY OF WHICH THE OHIO VALLEY IS EXCEEDINGLY PROUD.

## PARADE THROUGH CITY IS PLEASANT FEATURE BANQUET IS UTILITIES BILL HAS HIT SNAG

Portsmouth late Friday afternoon was turned over to a royal party of Cincinnati business men, who are homeward bound from a trade and "getting acquainted" trip to cities and towns in West Virginia and Ohio.

Traveling on a splendid special train, the Cincinnati Business Men's Association, almost 100 strong, arrived at South Portsmouth over the Chesapeake & Ohio railway, a little before 3:00 o'clock about an hour later.

The party spent Thursday night in Charleston and started on the last stretch of their journey Friday morning. They stopped at Huntington for a breathing spell, then at Ashland and rest at Russell, Ky. At the latter point the party crossed the river and paid a visit to Fronton. In all these cities the party was royally received.

Upon arriving at the South Portsmouth station Friday afternoon the Cincinnati men were met by a reception committee consisting of Gen. M. Appel, H. C. Searey, Albert Marting, Paul Seaborn, P. E. Selby, H. S. Grimes, G. B. Carlyle, H. W. Hall, Simon Labold, E. C. Reed, Sam Hershaw, W. R. Kee.

The visitors were at once escorted over the Ohio to the Washington hotel. Here a pleasant surprise was in store for the visitors.

Standing in front of the hotel were Hon. Louis Schwab, Mayor of Cincinnati, and Hon. Scott Seale, director of public safety. These gentlemen had come to Portsmouth on the 2:45 P. M. train Friday afternoon, in response to a cordial invitation extended them by wire by President E. S. Grimes of the Portsmouth Board of Trade. Mr. Grimes thought it would be a pleasant surprise to the touring business men and give Portsmouth a chance to meet the heads of our big sister down the river.

Mayor Schwab and Director Seale were given an ovation by the local townsmen and by Portsmouth citizens.

When the whole party was loaded into an imposing array of automobiles and taken on a tour of the city, the principal points of interest were visited.

Returning to the hotel at 5:30 P. M. an automobile fire truck was dispatched to make a run to the corner of Market and Second streets.

Following the exhibition the afternoon included an informal reception at the hotel lobby and a dinner to be served to the visiting board of trade members at the hotel dining room. After dinner there will be informal socials.

Visitors are scheduled to leave for home at 8:30 p. m.

Conference Committee Is Deadlocked With Little Hope of Compromise.

LOBBYISTS SEEM TO BE MIGHTY "SORE"

"People" Are in Line to Get Square Deal Say Progressives.

(By United Press.)

Columbus, Ohio, May 12.—There will probably be no utilities bill passed at this session and the telephone lobbyists are about the saddest bunch ever seen in Columbus. They were talked into giving up their own merger bills and joining with the other corporate lobbyists to pass the utilities bill on the supposition that they would get what they wanted in the line of permission to merge. The house has now refused to concur in the beautiful senate amendments, and while the other corporations do not care, not having wanted the utilities bill in the first place, the telephone lobbyists are up in the air.

The conference committee is deadlocked. According to progressives it looks as if the people were going to get some kind of a show to spite the lobbyists.

Senators Work For Their Pet Bill.

(By United Press.)

Columbus, O., May 12.—The senate reactionaries who favor the public utilities bill as passed by that body are ready to adopt high handed methods to compel its adoption in its present form. They will demand a quick report from the present conference committee early next week. If this is not forthcoming, the plan is to relieve the committee of further consideration. Then the reactionaries plan to take the appointment of the three senate conferees from the chair and name three men who favor the bill, the whole scheme is based on a desperate effort to get Stockwell off the committee.

DISPOSED OF LYNCH CASES

(By United Press.)

Newark, Ohio, May 12.—The cases of six men and boys held in the county jail since last July for first degree murder, in connection with the Etherington lynchings, were disposed of today.

Edward Schelller, Weldon Deery and Clarence Mulligan were released. Joe Bush and Elmer Sears were given Mansfield terms. Art Dover voluntarily offered to plead guilty to manslaughter, but Prosecutor Smythe explained to the court that Dover made a speech on the night of the lynchings urging the crowd to avenge the death of a brother. Judge and Judge Nicholas refused to accept the plea. The trial was set for May 20.

Attend Funeral.

Samuel Reed and John G. Prebles went to Fronton Friday to attend the funeral of the late Halley C. Burr, which was held there today. Mr. Burr was a prominent banker of the Iron City.

Cantor was roughly handled by a crowd of men, but was rescued by the police. The woman and boy were not seriously hurt.

SOME ORATOR.

Our fellow townsman, Mr. George Puchta, is adding to his world wide reputation as an orator. He made a speech at Thurmond and a man who heard him said he never wanted to hear another speech. He said George's talk would stick to his slats as long as he lived, and he would not take chances on overloading.

ACKNOWLEDGMENT.

We appreciate the kindness that prompted our contemporary, The Cincinnati Post, to say a good word for "The Booster" and to help us out in our troubles. We are here to stay.

Prays For Harmon

Columbus, Ohio, May 12.—For the first time in the session of the general assembly this year, Governor Harmon was prayed for in the house, Thursday morning. With most of the governor's pet measures doomed to defeat, and with the senate rebuking the chief executive at every turn, the prayer seemed to have a peculiar significance. It was uttered by Rev. Father A. M. Loyden, pastor of the St. Francis Catholic church, of Columbus. In pronouncing the invocation at the opening of the Thursday morning session, the priest prayed that the governor might be given divine assistance and a moment later, he prayed that the general assembly should be guided in making good and beneficial laws.

## CHIHUAHUA IS NEXT TO FALL, REBELS GAIN

(By Associated Press.)

Chihuahua, Mex., May 12.—Two thousand insurgents, part of a band operating in the districts south of the city, were reported today to be marching on Chihuahua. Already advance guards are encamped around the city. To conceal this movement insurgents destroyed all telegraph and railroad lines so that Chihuahua City, with its 35,000 inhabitants have been isolated for practically two weeks.

This dispatch was sent 225 miles by automobile to El Paso, Texas. Conditions in the territory adjacent to, and south of Torreon are desperate.

Towns are being invaded, stores looted and railways and telegraph destroyed. In many instances federal troops stand by utterly helpless.

The large cities of Cuatrecasas, Durango, Agua Calientes and Pinal are surrounded by insurgents and the inhabitants constantly fear attacks.

"STAMP" BILL HELD UP

(By United Press.)

Columbus, O., May 12.—State means that the Crawford trading stamp bill was under investigation by the grand jury today. The bill was held up on this measure in the lower house. The bill was made a special order for Wednesday. It provided that trading stamps be redeemed in money by the amount equal to the stated value in premiums if the holder of the stamps demands the money. There has been much crookedness in connection with this measure.

The house adjourned at 2 o'clock this afternoon until 1:30 o'clock Monday.

## Take Marriage Vows For the Second Time

Two hearts that formerly beat at one but which were severed by the divorce court several years ago, were again attuned to the joys of married life when Rev. J. N. Eason, pastor of Bigelow Methodist church, said the words Thursday evening, that made Chester T. Welch of Dayton, O., and Mrs. Buelah E. Hughes, of this city, man and wife.

This couple were married ten years ago and for a time were as happy as a well-mated pair of turtle doves. However, troubles finally came and Mrs. Welch left her husband and came to this city where she made her home with her parents. She eventually applied for a divorce and received it, together with her maiden name and alimony.

Recently the former husband and wife began longing for the old days and a correspondence was started, which resulted in a determination to forget the past and plight anew their troth.

The happy couple left early on Friday morning for Dayton, where the groom has a splendid position and where he has a home already prepared for the coming of his bride.

## MARRIAGE LICENSES

Chester M. Welch, aged 25, an electrician, of Dayton, was granted a license on Thursday evening to wed Miss Buelah E. Hughes, aged 24, city. Rev. Eason officiated.

John Snyder, aged 26, a farmer, of Lucasville, was granted a license on Friday to wed Miss Ella Foster, aged 25, of Lucasville. Rev. Earl Reinhart officiated.

## Will Undergo An Operation

J. F. Walter Knuckle, showworker of John street, will leave shortly for Cincinnati, where he will have an operation performed on his nose for the removal of a growth. Mr. Knuckle's friends hope the operation will prove a success. He is a popular member of the Pines hand and an accomplished musician.

## THE JURY WAS KIND

Does it pay to be a witness before the grand jury? It certainly does if you are old and needy. Mrs. Margaret McGraw, a widow about 60 years of age, and the mother of a number of small children, who testified before the jury on Friday afternoon, received so much sympathy among the jurors by reason of her needy condition that they made up a purse of \$6.25 and presented it to her.

## Thirty Have Confessed

Out of a total of 40 persons indicted for accepting money to vote at the last election, 30 have entered pleas of guilty and received the fine, workhouse sentence and disfranchisement. One confessed who had not been indicted, making the total 31.

## BUILDING PERMITS

M. Jacobs took out a building permit Friday for \$300 repairs to his property on North Washington street.

## OBITUARY

Clude Lockard, aged 27, a prominent young man of Wellston who is well known here died Thursday at Mt. Carmel hospital, Columbus, following an operation for peritonitis. The funeral will be held at Wellston Saturday.

Mrs. Augustin Better. Word from Rochester, Minn., that Mrs. Jos. Augustin was called home from her surgical operation. She and husband will start for home Saturday.

## Who Will Board One Of These Delegates?

Few people in this city realize the magnitude of the Ohio Christian Missionary Society Convention, which meets at the First Christian church from May 22 to 25.

It is now thought that fully 700 delegates will be present from all parts of Ohio. There will also be quite a number of visitors from Pennsylvania and Kentucky. The heads of some of the largest bible colleges in the world will be here, and it is hoped that Portsmouth will do herself proud in the entertainment of these delegates and visitors.

The members of Bigelow Methodist church have volunteered to furnish at least one dinner to the delegates, and it is quite possible that other churches will follow the worthy example of Bigelow.

These having in view the entertainment of the delegates have failed to secure reservations for all.

## FOOT WAS CRUSHED

Belvin Rogers, an N. & W. netting inspector, had his foot caught in a turn table at the East Portsmouth roundhouse and badly crushed late Thursday night. An ambulance removed him to his boarding house.

## THIS IS CERTAIN

The Proof That Portsmouth Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

August Cook, 307 East Ninth street, Portsmouth, Ohio, says: "I was in the winter of 1899 that I first used Doan's Kidney Pills, which I procured at Fisher & Streich's drug store. At that time I suffered from a very lame back and a distressing weakness of the kidneys. The use of two boxes of Doan's Kidney Pills fixed me up in good shape and some time later I gave a public testimonial in their favor. Since then I have always kept a box on hand and have often told my acquaintances of their great merit. Whenever I feel the least attack of backache, I take a few doses of Doan's Kidney Pills and am quickly relieved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## CONTRACT IS LET FOR BANK HOME

The contract for the erection of the First National bank building was let, Friday afternoon, to H. L. Stevens & Co., of Atlanta, Georgia.

The contract was made through John Arrington, vice-president of the company and general manager for all the territory east of the Mississippi and South of the Ohio. Stevens & Co. is one of the big building firms of the country and operates all over the United States and in many of the larger cities stand notable structures as testimonials to its skill.

Mr. Arrington told The Times that active work on the First National bank would be begun within two weeks and sooner, if the necessary machinery is not delayed in shipment. His company is just completing a four-story building for the Anson Mills at El Paso, Texas, and it is his intention to bring to Portsmouth the organization in charge there. This will embrace the architects, the superintendent and foremen, with one or two specially skilled mechanics for each foreman, but in the main the company hopes to secure the brick layers, stone masons, carpenters and general workmen here.

It is expected to complete the building within twelve months and while none of the parties interested would give out the figures of the contract, it is understood the completed structure stands to cost in the neighborhood of \$175,000.

## Tests Will Decide Site Of Big Dam

Will a government dam be located just below Portsmouth?

That question will be definitely settled in a few days as surveyors are testing the bed of the river between Portsmouth and Firebrick, Ky. If they find a rocky and substantial bottom the dam will be built in this immediate vicinity.

Seven boats belonging to Uncle Sam are moored just below this side of Firebrick, Ky., and are attracting much attention. They are equipped to make complete tests and resemble small sized battleships with their tall masts and rigging. The boats are anchored in a row and make a very pretty appearance.

A Times man learned from members of the crew Thursday that tests would be made between Portsmouth and Vanceburg, Ky. A dam is to be built near here and the crew is making an effort to get the proper foundation. At a point almost opposite Firebrick the Ohio is over 160 feet deep, the actual measurement, seemed by the crew being 160 feet and 10 inches. A mile above the lowest depth was but 122 feet. The governmental employees are gradually working their way to the lower end of Reattyville, Ky.

## PUBLIC MEETING WILL DISCUSS NEW BRIDGE

'Squire Bricker, of Fullerton, has territory a shorter and better route to Portsmouth.

The channel for securing the bridge are said to be exceedingly bright, as a number of county officials have already expressed themselves as favoring the appropriation of funds to cover the cost.

The meeting will be held on the site of the proposed bridge Saturday, May 27th, when the proposition will be thoroughly gone over. The bridge is badly needed, as it is now almost impossible for teams to ford the stream at that point, besides really being dangerous, so deep is the water on account of the crossing washing out.

The proposed improvement would not only be a great convenience, but would afford the citizens of that

## The Best Laid Plans Of Bootleggers Go Astray

It has just leaked out that ex-Policeman Al Radcliff unexpectedly came into possession of two quarts of high grade whiskey during the street fair last week.

Al was standing at the street fair grounds when two carnival men stopped nearby. One was busy telling the other how to get a drink. He said the whiskey was under the B. & O. S. W. truck at the far end of the mill lot, covered with a piece of newspaper. Al waited until the coast was

clear, and then hustled to the spot. The bottles were there, and he gathered them in. What became of it? Al just says "Yum! Yum!"

# Roosevelt After The North Pole?

New York, May 12.—Captain "Bob" Bartlett of the Peary Polar Expedition, asserted yesterday that Col. Theodore Roosevelt plans to go to Greenland next summer. It is possible, according to this, that the Colonel may be at the North Pole when the Republican presidential convention of 1912 nominates a successor to Mr. Taft.

Captain Bartlett insists he has Colonel Roosevelt nailed to the mast on the Greenland trip.

"Next year," it is said the Colonel replied to Bartlett, when the latter invited the African game hunter to join Harry Whitney's expedition this summer to the polar bear regions.

"The Colonel is welcome to go as far as he likes in the direction of the Pole," was the burden of a wireless message last night from William Barnes, Jr., of Albany, or somebody who said he guessed he was Barnes.

This was the confession made by Mrs. Frank S. Cannon, whose sensational elopement from Memphis with Cannon a few days ago ended in their marriage at Hot Springs as the result of a wager between the bride and a friend of the bridegroom that Miss Hilton could not "woo and win Cannon in three hours."

Good For Richard. Richard Pemberton, a concrete worker, who developed an attack of appendicitis a few days ago, is steadily improving at his room in the Biggs house.

## MONEY BACK

Hyomei Cures Catarrh Without Stomach Dosing, or Money Back.

Yes, dear reader, catarrh can be cured; but not by pouring vile, nauseating drugs into the stomach.

And catarrh germs thrive, flourish and multiply in the nose and throat.

Can you kill these tough and persistent little health destroyers by swallowing pills or nostrum? Any physician will tell you it cannot be done.

HYOMEI (pronounced High-ome) is a germ killing vaporized air which, when breathed either through the mouth or nose, will kill catarrh germs and soothe and heal the inflamed and mutilated membrane promptly. It gives relief in two minutes.

HYOMEI is such a powerful germ destroyer that it penetrates every fold and crevice of the mucous membrane of the nose and throat.

A complete outfit, which includes inhaler, a bottle of HYOMEI and simple instructions for use, costs \$1.00.

Should you need a second bottle of HYOMEI the price is only 50 cents. Wurster Bros. and leading druggists everywhere sell HYOMEI.

## A NERVOUS WRECK

Had no Appetite and Was Greatly Reduced in Weight.

Dr. Williams' Pink Pills Restored This Ohio Woman's Health. She Gained in Weight and Eats Heartily Again.

When the nervous system is at fault, we may expect symptoms of the disorder to show in almost every organ of the body for all of these organs are controlled in their activities by the nerves. "I had run down in every way," says Mrs. J. M. Barclay, of No. 876 Cortis avenue, Columbus, Ohio, "and was a nervous wreck. I was not confined to the bed except for a day or so at a time, but I had no appetite and was greatly reduced in weight. I was irritable and melancholy all of the time, could not get any rest and my nerves were in such a state that I would have to get up in the night and walk the floor. I suffered in this way for four years and although I had two doctors attend me, neither helped me. Thinking that a change of climate might benefit me I went to visit relatives of my husband in Nova Scotia and they strongly urged me to try Dr. Williams' Pink Pills. I never had much faith in advertised medicines but I got a box of the pills and they commenced to help me at once. I had not taken them a week before I was able to get a good night's rest. I kept on taking them and gained in flesh and could eat a hearty meal. I always speak highly of Dr. Williams' Pink Pills for I know they are good for nervous disorders."

Dr. Williams' Pink Pills are the most direct cure for nervous troubles because they remove the cause of these diseases by building up and purifying the blood. The pure blood, which they make, sends the nerves with needed elements until they are restored to their normal strength. The pills have made so many remarkable cures in nervous disorders that no sufferer can afford to neglect giving them a trial.

They can be obtained at any drug store or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 50 cents per box; six boxes for \$2.50. While no cure is guaranteed, Dr. Williams' Pink Pills contain no harmful stimulants or opiates. They are perfectly safe and create no drug habit. Write for a free copy of our new booklet, "Diseases of the Nervous System." The booklet describes symptoms and gives much useful information.

## WHEAT IS IN FINE SHAPE

## State House Talk

Columbus, Ohio, May 12.—The Smith one per cent. tax limitation bill will be a law as soon as Governor Harrison signs it. The house Thursday afternoon concurred in the senate amendments to this bill. As the bill goes to the governor, it limits the tax levy in any taxing district of the state to one per cent, or to \$1 on every hundred of valuation. In addition to this, however, the taxing district may make a levy to cover the sinking fund and interest account on indebtedness already on hand, and also indebtedness which the people may create hereafter.

The house very promptly refused to concur in the senate amendments to the Winters public utilities bill, and asked for the appointment of a conference committee to work out the difference between both bodies on the measure. The senate agreed to the appointment of such a committee, and no time was lost in appointing the members to represent both bodies on the committee. Bader of Hamilton; Stockwell of Cuyahoga; and McGuire of Tuscarawas, represent the senate, and Winters of Erie; Kilpatrick of Trumbull; and Langdon of Warren, represent the house. Langdon and Kilpatrick both denounced the amendments inserted in the bill by the senate, declaring that they made the measure just what the interests wanted it to be.

It is expected that the grand jury will make a report of its legislative graft investigation Saturday afternoon. It has been busy all week interrogating witnesses, but nothing has been disclosed as to its discoveries. There may be a few more indictments returned, but nothing like the number it was thought for a time would be caught in the dragnet. The senate is going ahead with its preparations to "investigate" and whitewash itself of the charges leveled against its members. The general impression is that the senate investigation will be a farce and that no one will be found guilty. The bad feature of this investigation is that it will grant immunity from prosecution to all those who are called to testify. If the senators who are indicted are permitted to testify, this will remove them from the pale of the law and will nullify the indictments returned against them by the Franklin county grand jury.

The senate put through a number of bills Thursday afternoon, among them being those of Edwards of Cuyahoga, authorizing Cleveland to construct a subway; Gray, of Holmes, enlarging the powers of the state nursery and orchard inspectors; Jones of Franklin, defining the crime of operating a bucket shop and providing penalties therefor; Churchill of Fulton, giving municipalities the right to condemn land for sanitary purposes; Crawford, of Marion, compelling railroads to transport livestock at an average rate of not less than 15 miles an hour for entire distance within the state; Lowry, of Henry, making teachers' certificates valid from the first day of September following the day of examination; Minchard, of Hamilton, giving telegraph companies the right to lay wires under ground with consent of the county commissioners; Crist, of Delaware, compelling courts to authorize a

## Who's to Blame If There's Accident?

Watch out for the R. & O. S. W. yard engine. The caboose has been taken away from the yardmaster and crew and backing down out of cars from Star Yard and other points now becomes doubly hazardous. Without the going and whistling with which the caboose was equipped the railroad boys frequently are unable to make themselves heard in shouting danger warnings to people along the right of way. An accident was narrowly averted yesterday by this.

## KEEP MOVING UPWARD

These two young men have been following each other from place to place ever since they were made agents and are regarded as among the most valuable men in the R. & O. S. W. service. No one has as yet been named to succeed Mr. Coffey at Oak Hill.

## Good Bye Old Horse, Predicts Mr. Appel

George M. Appel in welcoming place the spark plug or repair a tire, that lover of horse flesh, H. S. he knows absolutely nothing about. Grimes to the ranks of autoists, the mechanism of an automobile, makes the prediction that once he learns to drive a machine, he will have been driving machines for three years without accident.

Mr. Appel says automobile driving has the effect of making one feel he never wants to ride behind a slow and uncertain moving horse again. Machines can be stopped, started, and other vehicles passed with such little effort that one no longer feels like riding any other way. One can never tell what's in a horse's head and what he is going to do, but it's different when you yourself are at the steering wheel of an automobile.

Mr. Appel feels quite sure that after Mr. Grimes has mastered his new Hudson car he will be wanting to push his fastest driving horse, should he ever drive him again. Mr. Appel makes the admission that though he can remove and re-

### MOONSHINER CAUGHT

**In A Shoe Factory**  
Evan Lewis, employed by Adam Pfaus, Eleventh street baker, fell for that old fake foot race game, Thursday evening.  
Frankie Sodaro was the promoter and he was to beat a certain stepper 100 yards for a purse of \$5. Lewis, who was an interested listener, agreed to step off the 100 yards. Well it went like all those jokes do. When Lewis finished stepping off the distance he looked around and there was not a soul to be seen.  
He tumbled within 15 minutes and then did the heroic act by setting up the sofa water to the crowd who had gathered on a near-by corner where they gave him the "merry ha ha."

### WOMAN KICKED HIM

**IS PART OF CHARGE.**  
Police were called to Gallia and Young streets Friday morning by a disturbance at Jacob Hoer's grocery.  
Oscar, a 17-year-old son of the proprietor and younger brother of Ernie Hoer, the manager, it seems had objected to a woman frequently at the place. When he saw her approaching he blocked the doorway. She attempted to push him but he pushed her into the street. She kicked him, it is claimed, and sent word to her husband who is said to have taken a few raps at Oscar. Hoer called the police but no arrests were made as before all of the principals have been in good terms.

### POLICE BELIEVE THEY HAD PLIM PLANNER

The police are almost positive that the two peddlers they saw peddling a stolen automobile last night, from Emmett Taylor, a second hand dealer, were the same peddlers who they saw peddling a stolen automobile from West Virginia.

### PLEASED OVER HIS GOOD ROADS BILL

Senator J. I. Hudson arrived home from Columbus Thursday night, the senate having adjourned until Monday.

**BOOSTING A Y. W. C. A.**  
A meeting composed of women was held at the residence of Mrs. Irving Drew Thursday afternoon to more fully discuss the plan of organizing a Y. W. C. A. in Portsmouth.  
Miss Elizabeth Hughes, executive secretary of the Y. W. C. A. of Ohio, was present, and in a very clear and forceful manner told of the work that is being done in the public until the time seems opportune to organize; also to emphasize the mental and moral development of the Y. W. C. A. would give to the young womanhood of our city.  
The following advisory committee was appointed: Mrs. Irving Drew, chairman; Messrs. George Appel, Henry Mark Selby, W. B. Anderson, J. M. Stockham, W. S. Kennedy, John E. ### New Boston Is To Secure Natural Gas

The village council of New Boston is determined that the citizens of their thriving village shall not be deprived of the modern conveniences incident to larger cities, when those conveniences lay within their grasp. They recently asked the United Fuel and Gas Company to extend its mains on Gallia avenue, so that all those desiring to use gas could do so, and at the meeting on Thursday night, the solicitor reported that the company had agreed to make the extension as requested.

# Portsmouth Extends Greetings To Her Visitors.

You have partaken slightly of our hospitality and had some view of the size of Portsmouth and the number and variety of her industries.

It is the fond hope of every citizen that you will carry away a pleasant and long memory of the former and are impressed with the separate and aggregate magnitude of the latter.

The pride is our welcome is not in the polite greeting, but in the glad hand and the bountiful attention that receive every guest as a valued friend. We wish that you could have tarried longer and thus have avoided that hurry and rush, which rob good-fellowship of some of its relish. Still we are highly pleased and honored to offer you our entertainment for a few brief hours.

Our boast is that we have here, "where the rivers meet," the biggest little city in the United States. With its 23,541 souls, according to the last census, housed on an area covering less than fifteen hundred acres, Portsmouth is the most densely populated town.

No other place in the country can show so many and so different industrial enterprises, in proportion to size.

None other has more persons earning wages. The number of home owners exceeds the ratio of Philadelphia, which is commonly supposed to excel in this direction.

The streets are the best and cleanest. They are laid with brick made here at Portsmouth and put down by Portsmouth contractors. These paved streets measure twenty-six miles and

every foot of them is swept once a week.

Here are to be found the largest one line shoe factory in the world, the largest fire brick plant and one of the largest independent steel mills, as well as one of the largest vitrified brick plants.

Of the beauty of the town itself, of its picturesque location, we need not speak; your own eyes picture the scene more vividly than words can convey.

We would have you know, however, that the progress and growth you have witnessed have come most notably in the past eight years and the promise for the immediate future is greater than the splendid performance of the near past. Every day Portsmouth is coming to know herself and her prospects better

and with that knowledge is born the spirit and the power to do yet greater things. Her varied industries are abounding in expansion and new ones are steadily being attracted. Within a fortnight three of the latter have been gained and others are in sight. Elsewhere, however, in these pages will this story be found told.

Portsmouth felicitates you that the long journey, upon which enterprise and energy bound you is near to an end. We trust it has been enjoyable and will prove profitable to Cincinnati. As fellow-bluebirds, as kindred bounded by the beautiful river, upon which must flow much of the fortune of both, we feel you can achieve nothing in whose glory we will not have pride, can win no prosperity in which we will not share. An Revoir.

## BOARD OF TRADE MEN'S VIEWS OF VISITORS

"There could be no better way in which to show the Cincinnati business men the advantages of Portsmouth than to meet them as we expect, this afternoon," said Mr. H. S. Grimes, president of the Portsmouth Board of Trade.

"There are so many advantages to be gained," he continued, "by a Trade excursion, both to Cincinnati and Portsmouth. Portsmouth has so much to offer Cincinnati and Cincinnati has so much to offer Portsmouth that the meeting of the prominent business men from both cities can not help but be beneficial."

"We are certainly glad to have the Cincinnati business men with us today," said Mr. George M. Appel, of the Gilbert Grocery Company. "A trade excursion is such a good way in which to renew old acquaintances and make new friends. Portsmouth has so many advantages to offer the visitors, and the trip of the Queen City men will be of great benefit to the town."

"Cincinnati gets more reserve money from Portsmouth than any other designated city," said Mr. Henry W. Heer, cashier of the Security Savings Bank, and we are glad to meet her prominent business men.

"You always like to do business with those whom you are acquainted," he continued, "and a trade excursion is the best manner in which to get acquainted. The Cincinnati men can not help but see the advantages of Portsmouth after they have visited here and I believe the step here will be of great benefit to us."

Mr. W. B. Anderson, of the Anderson Bros. Company, said: "The visit of the Cincinnati business men, is bound to do Portsmouth some good. Of course they are out to get business for Cincinnati but when they see the opportunities of Portsmouth there will be some in the Cincinnati party who will take advantage of the knowledge gained while here."

"I can see that the visit of the Cincinnati business men will do Portsmouth much good," said Mr. Albert Zollner, "though indirectly. Of course we will all become better acquainted by their visit, and we are glad to have them with us. They cannot help but be impressed with what Portsmouth has to offer."

Mr. Charles Dachler, of the Dachler Furniture Company, said: "A trip like the Cincinnati business men are making gets them interested in talking about every good town they visit, and they will certainly find enough to say about Portsmouth. After a drive through the business section of the city they will learn that Portsmouth has much to offer."

Mr. William R. Fee, of the Portsmouth Home Telephone Co., said: "I know so many of the Cincinnati business men who are in the party that will be here today, and they are a class of men that cannot help but be impressed with what Portsmouth has to offer."

### As A Woman Sees It

(By Nina M. Ayres)

Horrors! I don't intend to go to that banquet that the Board of Trade is going to give in honor of the Cincinnati business men. Why not?

Well who wants to go to a banquet where the men haven't any dress suits nor even a Tuxedo?

Who ever heard of a banquet without dress suits or Tuxedos? I'd like to know? Nix, that is one banquet I am going to pass up good and strong.

What is more I am not going to try and meet Jimmy Orr and Carl Dehoney (and they have such sweet names too). But they are the cause of it all, so they say.

And such a handsome bunch of men! Have you seen them? Almost one hundred in the party, with a band of eighteen pieces, arrangements! I bet Carl and Jimmy didn't have a dress suit.

looks, and not a dress suit in the party. Hellup.

It was this way. Jimmy Orr and Carl Dehoney, who are on the committee on arrangements, said this was to be a business excursion. Strictly business, see? And no dress suits nor Tuxedos would be permitted. "Nothing stronger than a business suit may leave the train." That was the order that almost killed father. Quite a few had begged, borrowed and bought dress suits. And then to have a thing like that handed to you, especially when you look so nice in a dress suit.

Of course wispy was angry. Why shouldn't she be? When she thinks you are so handsome. But Carl and Jimmy said NO NEVER.

You know what I am tempted to think about the committee on arrangements? I bet Carl and Jimmy didn't have a dress suit.

- There are 20,000 pairs of shoes made in Portsmouth daily and hundreds of pairs are placed on the Cincinnati markets. Among the shoe manufacturers are:
- The Irving Shoe Co.
  - The Excelsior Shoe Company.
  - The Lloyd-Adams Company.
  - The Portsmouth Shoe Company.
  - The Schuy Shoe Company.
- There is also the Mitchell Manufacturing Company which makes rubber but shoe laces for the Cincinnati concerns.
- Among the Cincinnati business men who are here today are several prominent wholesale grocers. They are particularly asked to meet the Portsmouth men do a business in Cincinnati and to secure Ohio Valley, and a number of the two men will no doubt expand the business of the Cincinnati wholesale grocers.
- Among the Cincinnati wholesale grocers are:
- Edward Augustin.
  - M. Augustin.
  - Gilbert Grocery Company.
  - James Ferguson Grocery.
  - W. C. Neundorfer.
  - J. K. Kerkick & Son.
- They realize that Portsmouth has about 150,000 people per year. That's going to be a lot of business. Just look at the brick manufacturers. The Charles Paving Brick Co. and the Jackson-Walker Refractor.

### What Portsmouth Is Doing

Growing!

Building a \$75,000 wholesale grocery house.

Erecting a \$225,000 High School building, which will be one of the finest in the state.

Making a new home for the First National Bank which will cost in the neighborhood of \$150,000.

Expending \$30,000 for an addition to the Central National Bank.

Getting nearer the completion of the steel mills which represent an expenditure of over \$500,000.

Double tracking the N. & W. road to handle the vast amount of business done in Portsmouth; and increasing the N. & W. yards.

Building new homes every day for the workmen who want homes of their own and will not rent.

Always enlarging the Washington hotel to accommodate the traveling public.

One of the big wholesale dry-goods houses of the Ohio Valley is the Joseph G. Reed Co. which has a tremendous trade in Ohio, Kentucky and West Virginia.

Portsmouth has four medicine manufacturers as follows:

- The Elite Tablet Company.
- J. V. Suter.
- W. H. Wagner.
- The Whitman Medicine Co.

But what is the use to tell the Cincinnati business men all of the good things that Portsmouth has to offer? They will see that this is one of the best towns in the Ohio Valley and their short stay here will be made as pleasant as possible by the local citizens.

It is a splendid way in which to get acquainted and the Queen City's representatives will take this opportunity to tell the Portsmouth manufacturers that they have a number of articles that should be placed on sale here.

### It Has Chester Backed off Map

Millbrook Park is just at its prettiest at this time of the year. If the Cincinnati men had the time they could spend a delightful day here, among the shaded trees, in the big skating pavilion or on the lake. Millbrook is one of the prettiest parks in the state and covers hundreds of acres of land.

It has a splendid ball park with mainstand grand stand, which cities of twice the population of Portsmouth cannot boast.

### Say, Are You A Lodge Man?

Is there a man in the Cincinnati party who doesn't belong to some lodge? Portsmouth has its share of the secret organizations. About twenty-five secret organizations with their branch lodges, besides the orders of the labor unions, the railroad organizations and many others. Can you beat it?

Portsmouth a world of good and in many different ways. We will meet the leading business men of Cincinnati and among them, no doubt, will be several who are interested in the manufactures of this place. A trade excursion is the best way in which I know of to show the excursionists our many good points."

Mr. William R. Fee, of the Portsmouth Home Telephone Co., said: "I know so many of the Cincinnati business men who are in the party that will be here today, and they are a class of men that cannot help but be impressed with what Portsmouth has to offer."

### What Portsmouth Is.

It is a city.

It is a city of thirty thousand.

It will be a city of fifty thousand in 1915.

It is one of the best shipping centers in the United States.

It is one of the prettiest little cities between Pittsburgh and Cleveland.

And why? Because its business men are business men of the world.

They are anxious to have the Cincinnati citizens here. They are glad to show them that this is one town in a thousand.

There is a kindly fellowship in Portsmouth that always appeals to the visitor and we will miss our guess if the Cincinnati men do not say that Portsmouth was one of the best towns they visited on their present trade excursion.

### Walk Right Up And be Amused

Oh, my! Do you like to have a good time? Portsmouth is the place to have a good time. Some place to have a good time. The thing doing all the time. The Grand Opera House, The Casino, the Columbia, and dozens and dozens of five cent theaters.

It's some town, is Portsmouth.

Mr. William R. Fee, of the Portsmouth Home Telephone Co., said: "I know so many of the Cincinnati business men who are in the party that will be here today, and they are a class of men that cannot help but be impressed with what Portsmouth has to offer."

## What Portsmouth Expects to Do

Grow some more.

Increase its population to 50,000 by 1915.

Have an aeroplane factory all of its own.

To have a new drying plant.

To have a new truck factory.

To secure Simpson Bros.' new casting factory.

To begin the manufacture of the Tractor machine, which is a plowing machine run by gasoline.

Portsmouth expects to do so much that it cannot all be related in these few columns.

Just a few days ago word came from Columbus that Portsmouth was to have another new plant. It is to be called the Adams Manufacturing Company and will manufacture a button hole marking machine. The capital stock is \$20,000.

Horr Brothers will erect a three story wholesale produce house across from the Norfolk & Western freight depot, which will have a floor space of 9,000 feet.

- Cobb, Howard & Bailey, attorneys, Henry W. Backus.

with the industries of Portsmouth. Of course they are out to get business for Cincinnati, but in the meantime they will show the advantages of a live little city.

"It is a splendid manner in which to get acquainted," said Mr. Eugene E. Knox, "and the visit of the Cincinnati men will mean much to Portsmouth," he continued. "It is advertising our town as much as Cincinnati, and I feel sure that they will return home with the feeling that Portsmouth is one of the best towns they saw on their entire trip."

Incidents of the vicinity of Third and Jefferson streets, which a great town Portsmouth is, planned to Oliver Duphon Tours and there is no better way than dry evening about autoists rock-tracked by the Board of Trade for the entertainment of the Cincinnati business men to-day," said Mr. Samuel Horchow. "We have the town and one of the best in the state," he continued. "And we are glad to show it to the Queen City men."

Of course Portsmouth will be as busy as ever. For their own protection by the visit of the Cincinnati business men," said Mr. Horchow. "They are bound to see what a good town we have."

## SOLD A \$20,000 BOOK FOR \$2

St. Paul, Minn., May 12.—Earl K. Pottle, a veteran bookseller, told today how he had had a book worth \$20,000 and, not knowing its worth, had sold it for \$2 a couple of months ago. He said:

"I was not in the store at the time and my son, who was in charge, was approached by a man, who seemed to be an authority on old books. He saw a volume of the original laws of Massachusetts, printed in 1642, and which contained the laws of that time for about eight years. The volume brought only \$2."

"Saturday, Major Holcomb showed me a newspaper clipping telling of the sale of the same volume in New York City for \$20,000. It was a pretty good fortune to let go by, but we did not realize at that time that it was so valuable."

# Masonic Inspection Is Memorable Event

Free attendance and splendid light marked the special convention of the Royal Arch Chapter No. 23, Royal Arch Masons, held Thursday evening in the Temple. The occasion was the annual inspection of the Masonic body, the official visit being made by Hon. Louis L. Schaus, of Columbus, Past Grand High Priest of the Ohio chapter.

The exercises consisted of the reading of the Royal Arch degree upon three candidates, Rev. John W. Dunning, W. B. Richardson and Edward Riecke. They provided interesting initiations and are most welcome acquisitions to this prosperous order. The work was conducted in a manner to elicit the warmest praise from the inspecting party. This was the first visit of the High Priest Schaus to Portsmouth, and he was exceedingly well received, not alone with the local brethren, but with the fast-growing river city.

The Vernon Chapter's annual report showed that the order now has 24 members, all in good standing, which is an increase of eight since a year ago. Its finances are in splendid shape, and the record of attendance was flattering for both the annual and special meetings.

As also of the degree work a fine banquet was served, participated in by some seventy members, including nine visiting brethren. The spread was prepared by Caterer Schaus, and served by half a dozen of the younger live wires of the chapter. This innovation made quite a hit and will doubtless be adopted as a feature of all future Masonic banquets.

Companion Harry Johnson, High Priest of the local chapter, was toastmaster for the smoker, which followed, and a number of splendid responses were given from the candidates and others. Especially noteworthy were the talks of Rev. Dunning, one of the candidates; Inspector Schaus, and Dr. J. T. Hansen, another visiting companion from Columbus. Several years ago Companion Schaus made a trip to Jerusalem with an American tour party, in which there were found to be 135 Masons. They visited all the historic scenes of the Holy Land that are held in such high veneration by the craft, and his description thereof proved of especial interest.

## CRAWFORD DENIES

Columbus, Ohio, May 12.—E. A. Crawford, state printer, filed an answer to the suit for \$200 attorney's fees, filed against him by Urie Stanes. In his answer the state printer denies that he ever employed Sloan to attend a Cincinnati conference which had been called for the purpose of laying plans to oust Judge A. Z. Blair from his seat on the bench in Adams county.

A hook-toy drew to himself the attention of the humane society Tuesday afternoon.

Humane Officer Harry Ball found a hook-toy driving a worn-out horse. He tried to take the animal off the streets, which was done.

## "No Detective" Declares Hood

Perry Hood makes emphatic declaration that he has turned dry detective and says the published report does him a great injustice. Perry says he has simply been making on Judge Blair several times in an effort to have his suspended sentence lifted so that he may leave Portsmouth and take to some kind of employment.

## Bowling Banquet A Great Success

When the drawings were made last winter by all the clubs for draft of players there were loud wails from Detroit over the fact that President Navin was unable to get a single player that he particularly desired in order to bolster up a team which was supposed to be rapidly falling to pieces. He accepted with sick gratitude what was left over by the other clubs, and, much to his surprise, found several pearls of great price. The situation of the league so far has been the work of Gahner, his young first baseman, while in LaFleur, Cunningham, and Lively, Jennings seems to have found pitchers of many merits.

Jennings is a player who was originally purchased by Detroit from Graham, W. Va., in 1906. He was released to the Fort Wayne club of the Central league, and subsequently

ed last fall for \$500. He batted the rate of .311, and fielded a last season. Detroit critics say is a better man than Gahner who covered first last year. This season the youngster has only three errors, accepting chances with 150 put outs and assists for a fielding average of .96. He is hitting like a streak, and fair to give Ty Cobb and Clegg a close run for honors.

Right now there is nothing American League rare but Detroit all the way and a time. Think of a team in the bean league playing 24 games winning 21 of them. It's one most amazing records in the day long ball. At this distance looks like Mr. Jennings is a world's series, and maybe this time the fans will be kinder to him than their other stars.

## VICTIM DIES OF WOUNDS

Without having regained consciousness J. M. Wells, of Vanceburg, Ky., spouseless, Clarence Joseph, who then shot had pierced the brain of Joseph, Thursday morning, following the deal man, yet he lived eight hours after being wounded. When the news reached Spurgeon, an examination made by Cor. Joseph, who is a prisoner in the

Vanceburg jail, he broke down and cried bitterly. A charge of shooting with intent to kill has been placed against Joseph. This was done before his brother succumbed to his wounds. It will not be changed until Monday, as a hold-over grand jury will convene at Vanceburg then and will take up the Joseph killing.

### Coroner Holds Postmortem

Coroner Wells arrived at Glenn, Ky., early Friday morning and held an inquest over the body of Clarence Joseph. He took the testimony of several persons and secured Frank Joseph's version of the tragic affair. Mr. Joseph is the father of the dead man. He was wounded in the melee, but his condition is not regarded serious, and he was around as usual Friday. He connected his son, Spurgeon, Joseph from all blame. He told Coroner Wells that "his boy" had to shoot in self defense, as Clarence was drinking and that he had started out to kill the whole family.

Joseph's statement was taken down verbatim by Coroner Wells, and it will no doubt figure prominently in the trial of Spurgeon Joseph.

### Wife Sticks To Spurgeon

Mrs. Joseph refuses to leave her husband's side and remains in the Vanceburg jail. She witnessed the shooting and will be one of the chief witnesses in her husband's trial. She was standing in the doorway of the Joseph household when the shooting began.

Clarence Joseph, whose wounds proved fatal, was 28 years old last February. He made frequent trips to Portsmouth and South Portsmouth, and was quite well known at both places. He was an unassuming, inoffensive fellow when not drinking, but he was a terror when under the influence of intoxicants, it is said.

The postmortem examination showed that over thirty shot had lodged in Joseph's neck and back. He was within ten feet of his brother when shot down. Coroner Wells secured much valuable information before returning to Vanceburg. Jailer Sullivan made another trip to Glenn Friday, and he had a long talk with Mrs. Frank Joseph and her injured husband.

# VOTE SELLERS PROBE AGAIN BORING AWAY

The election probe grand jury was recalled, Friday morning, after a couple of months rest and is now grinding away with might and main in an effort to round up the remainder of the bootleggers who escaped the first confiscation.

Though the jury convened as a special grand jury for the April term of court, its personnel, with but one exception is the same as when it first went to work investigating the charges of vote selling at the election last fall. The new member is Herb Coriell, of the city, who takes the place of O. D. Foster, excused upon his own application. A. G. Dunn, local coal dealer, was again appointed foreman by Judge Blair.

The charge by Judge Blair was very short. He called attention to the charge that he had given them at the first session, stating that the former charge held good in all particulars at this time. He did charge them to make a special detailed report of their labors both at the first session and the present one, stating that "the citizens of the county had a right and ought to know how and where the money that was contributed for campaign purposes had been spent."

He also charged the jury to make a close inquiry into all cases where money had been spent for "legitimate" campaign purposes such as hiring men to work about the poles on election day. He stated that it was a hard matter to construe the law on this point and in many instances the practice had been used to evade the law as to buying and selling.

That the jury will investigate more than election bribery was made apparent by his charging them to make a close inquiry into charges of persons renting

houses in the city for immoral purposes. He said that such reports had come to him and that he wanted a thorough investigation made.

It is also expected that the jury will take up the charge of murder against Carl and Wallace Davis, who assaulted Mr. and Mrs. Frank Lair in their home on Tick Ridge, resulting in the death of Mr. Lair. The charge of murder against Jess Nichols, held in the county jail on a charge of murdering the Platt brothers, will also probably be taken up.

Prosecuting attorney, H. L. Small stated at noon Friday that the jury would probably finish its work by Saturday noon and submit its report to the court. The report will carry a detailed report of the election probe. Up until noon Friday, 29 witnesses had been subpoenaed, only a few being for the election probe.

## "BOOTLEGGING" CHARGED

Robert Jordan, a colored citizen of Thirteenth street, was arrested on a bench warrant charging bootlegging, on Thursday evening. He was committed to the county jail where he awaits a hearing. The affidavit was sworn to by Judge Harry Ball, attorney for the Anti-Saloon League.

## WIFE MADE THE CHARGE

Constable John Nen, in suit of blue, armed with a warrant, took John Jay Jamison in tow Thursday evening on an affidavit preferred by his wife for failure to provide. Jamison was held before Squire Byron, pleaded not guilty and his hearing was set for Friday evening at 7 o'clock. He was allowed to go when J. F. Lantz, grocer of the East End, went on his \$300 bond. Jamison is employed on the new high school building.

# Mothers' Day

It does not matter whether you are in a palace or hovel, pin some white blossoms on your breast Sunday, the day in sermon and song. Attend the religious services in some one of the churches in memory and honor of your mother. Sunday is Mother's Day. Every person who helps, either domestic or otherwise, should put on with an hour's inconvenience and allow all to attend the services. If you cannot do it, see that the little white flower is worn in the home as one the street. At the First Baptist church there will be a special service for all mothers attending services. All attending the Sabbath school and morning church service are requested to wear a white flower. There will be young ladies at the door to supply you with a white flower. T. H. # How She Keeps Her Baby Healthy—Test Free

An easy way for any mother to raise sturdy children. So far back as the memory of man goes every mother has had her own peculiar ideas about how to keep her children healthy. But women are getting to agree on the main point more and more, and that is that it is of first importance to keep the little one's bowels open. From the bowels comes health or sickness. Unless a child is born diseased it can be kept healthy, and made to grow to vigorous maturity. If the bowels are kept free and pure in infancy and childhood, it is the main point for the mother to look after. The amount of pumping and playing a child does keeps its bowels free naturally, but there comes a time when they exert or eat something that does not agree, and then a laxative is absolutely necessary. Don't wait until matters get worse—give a laxative at once. What laxative are you going to give? Stewed fruit and sugar of that kind? No, not when the child is really constipated. Give a reliable laxative, a formula based on forty years of experience with children. Such a laxative is Dr. Caldwell's Syrup Pepsin, which thousands of mothers are already using in these emergencies. It is the favorite of the children of Mrs. J. H. Williams of Leona, Wis. Mrs. Clara, H. Stentice, Ill.

# 40 Years of Success

For over 40 years Dr. Pierce's Family Medicines have kept the lead and still stand in the front rank as curative agents. They are little advertised now, as compared with many others, resting, as they do for popularity upon their many years of marvelous cures and the grateful friends they have made.

**ASK YOUR NEIGHBORS**  
They must know of many cures of bad cases of Female Weakness and Kindred Ailments of Women due to the use of

**Dr. Pierce's Favorite Prescription**  
**IT MAKES WEAK WOMEN STRONG. SICK WOMEN WELL.**

It's the only advertised medicine for woman's ills which contains neither alcohol (which to most women is worse than ranket poison) nor habit-forming, or injurious drugs and the makers of which are not afraid to print all its ingredients on its outside wrapper. Is that not significant?

**Dr. Pierce's Golden Medical Discovery**  
Is equally renowned for its many cures of Stomach Weakness, Indigestion, Torpid, or Lazy, Liver and kindred derangements, as well as for Blood and Skin affections. In many ailments of women the combined use of these two medicines is advised. It's only a dishonest dealer, here and there, that will attempt to persuade you to accept a secret nostrum in place of these time-proven remedies of KNOWN COMPOSITION. Resist the insult to your intelligence and trade elsewhere. World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

## I WEAR IT FOR MOTHER

(With R. Toulson.)

Your picture I'm kissing and kissing.  
Dear Mother, sweet Mother, Oh Mother of mine!  
This flower, I wear it, but not for my merit.  
Oh Mother! My Mother! The merit is thine!

Off wayward and straying, and oft disobeying,  
The years of my Mother in memory I see:  
Though wrong I have trodden, God never has forgotten  
The prayers you have offered, dear Mother, for me.

The heart in me tossing this tear-jewelled blossom,  
Is grieving and grieving its heavenly need:  
Oh Mother, come near, be closer and dearer,  
Sweet spirit, make pure my longing and deed!

I miss you ever, your kisses and blessing,  
I miss your great soul, so noble and grand;  
O'er everything caringly, I would I were worthy  
To stand with you, Mother, at God's right hand!

This flower beacons what never can be spoken,  
The love that shall never, no, never decay:  
With love such as this, I cover with kisses,  
With lingering kisses, your picture today.

# Blast Scares Horse; Man Dragged 30 Feet

George Brown and H. T. Smith, of this city while driving to air that weighed in pounds and Greenup, Ky., Thursday, figured in an exciting runaway, which resulted in a horse on the hip and another fell on the animal's head. A big blast had just been touched off and flying fragments fell on the horse. It became unmanageable and ran off. Smith jumped out, but Brown pluckily held onto the lines. He was thrown out and dragged 30 feet before he freed himself from the lines, which had in some unaccountable manner cutwined themselves around his body. His left side was hurt and his face and head were painfully bruised, but no bones were broken. Before the horse was finally halted the buggy was completely wrecked and the harness cut to pieces. Brown stated today that

## CURE OF ECZEMA AND DANDRUFF

By One Box of Cuticura Ointment and One Cake of Cuticura Soap. Head Perfectly Clear.

"I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in a really form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation in order to get rid of it, but to no avail. I tried Cuticura Soap and Ointment and found it to be the only thing that cured me. I had used only a box of Cuticura Ointment and a single cake of Cuticura Soap when I was cured, the eczema and dandruff were gone and my head perfectly clear. I can assure you that so long as I live I will not use any other kind of preparation for my head. I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my cure and if you desire you may use the same Cuticura Ointment which came from a sufferer of thirty years' standing. ### THEATRICAL

#### At The Grand.

"Soul Mates," a typical western drama with thrilling episodes, much gun play, the indispensable villain, the bold frontiersmen and the sweet and lovable ingenue all figured conspicuously in the new play presented Thursday evening by the Grand Stock company.

The drama was written by Edwin Weaver, leading man of the company and while the play will not take rank with any of the great plays it is cleverly written and furnished an evening of wholesome entertainment. It is quite melodramatic and a bit strenuous but all western dramas must necessarily be full of action and excitement. In other words, they are no pink tea affairs.

Mr. Sidney Anderson, a local boy, almost ran away with the honors of the evening. He came awfully near dominating the cast in the role of Haidlip Bill, a cowboy. He was excellent and his debut was surprisingly good. Most of the comedy work fell upon his shoulders and he was more than equal to the occasion. Miss Ella Kramer as the "Soul Mate" was practically pleasing. She has an engaging personality and her action is one of her most valuable assets. She is always under the spotlight.

patrons of the company can always rely on whatever the playwright calls upon Mr. Weaver to do it will be done skillfully and excellently. Miss Zora Garver, Frank Bond, Leon D. Kent, Eugene Lane, Louise Brazier and Stanley Allen were adequate.

"Soul Mates" will be put on to night and Saturday afternoon and evening.

#### At The New Sun.

It was like meeting an old friend when you stepped into the Sun theatre Thursday evening and witnessed this Sun's minstrel. It has been here so often that the comedians, musical artists and singers are well known. The show is better than ever and if you enjoyed a condensed minstrel with all the "meat" in it you want to see the Sun minstrel. Tom Powell is with it. Everybody knows genial, mirth-provoking Tom. He can sing and say how he can tell a story. But Tom is not the only cream puff. There was a whole row of ten. The singers have good voices, the comedians are funny and the musicians are clever and the composite result is a good clean show. The banjo trio and the quartet are fine. The company carries its own scenery and the first part was quite picturesque. Some show for 5, 10 and 15.

### SHE WANTS HER MONEY

Mrs. Jan Jennings, of No. 2 Thompson street, enlisted the aid of the police Thursday evening in recovering money she spent for a boy's bicycle from an upstart dealer. ### S.S.S. CURES S.S.S. BLOOD POISON

Contagious Blood Poison usually begins with a tiny sore or pimple as the only outward evidence of its presence. But in a short while its many symptoms begin to make their unpleasant appearance. The mouth and throat become inflamed, itching rashes appear on the body, the hair comes out easily, brown spots appear on the limbs, etc. So highly contagious is the disease that it is communicated from one person to another by the use of the same toilet articles or handling the clothes of an infected person. S. S. S. has been curing Contagious Blood Poison for more than forty years. It goes right down into the circulation, and removes every particle of the poison. While curing the disease S. S. S. adds richness and nourishing powers to the blood, and a person who is cured by the use of S. S. S. will find that every part of the system has been benefited by the treatment. S. S. S. cures so perfectly that there is never any return of the old symptoms; it drives the poison completely out by purifying the blood, which is the only safe and sure way to treat the disease. Write for our Home Treatment Book and any medical advice you may desire, free. S. S. S. is for sale at drug stores.

### WHEN IS STEALING NOT STEALING? READ!

Columbus, Ohio, May 12.—Is it not a wife's privilege when she is possible for a wife to steal legally from her husband or some of his speaking, from her husband?

This question has been put up to the supreme court for settlement by Prosecuting Attorney Richard C. Webster, of Lucas county. Mrs. Florence Phillips, of Toledo, relieved her husband, James Phillips, of \$700, of which some \$500 belonged to a brewery and was in the custody of her husband. She was indicted for grand larceny, but the courts, let her off, holding that a wife could not steal from her husband. Prosecuting Attorney Webster has filed a bill of exceptions to the supreme court to settle this question, and the decision of that court will determine whether or not a wife can steal from her husband.

### MR. STRAUS BACK HOME

Michael and Mrs. S. Straus returned Thursday evening from a few days' trip to the city of London. They saw the city, and the decision of that court will determine whether or not a wife can steal from her husband.

### No Substitutes For Safety

Ample equipment, conservative management, courteous attention, are large contributors to the success of a bank, but none of these, in their highest development, can for a moment be conceived of as a substitute for the safety of funds. This bank puts the protection of depositors foremost. It has the other requisites too, and in abundance, but they are provided merely to facilitate business, and not as a substitute for the safety which comes from ample resources, conservative management, and a long established reputation for fair dealing.
